

WILDFIRE CAN HAPPEN IN YOUR COMMUNITY

Santa Clara County is developing a **Community Wildfire Protection Plan**

What does a Community Wildfire Protection Plan do?

- Identifies areas at risk for wildland fire
- Asks the public to share ideas on wildfire prevention and identify community values at risk
- Makes recommendations for the treatment of hazardous fuels
- Prioritizes areas for wildfire reduction projects
- Makes recommendations for actions homeowners can take to reduce fire risk

PROVIDE YOUR INPUT!

Join us at 1 of 4 community workshops:
